FROM THE OWNERS

Good Bulls Prove the Difference—

And we can prove it to you in this sale. We are anxious to show you our new junior herd sire MOY BOUNTY, solid red senior yearling which we recently purchased from L. E. Mathers & Son, Mason City, Illinois. We think you will agree that he is one of the shortest legged and heaviest boned bulls you have ever seen. He has a good head too, is smooth with a bulging rear quarter. Several of the top females in this sale will sell mated to him.

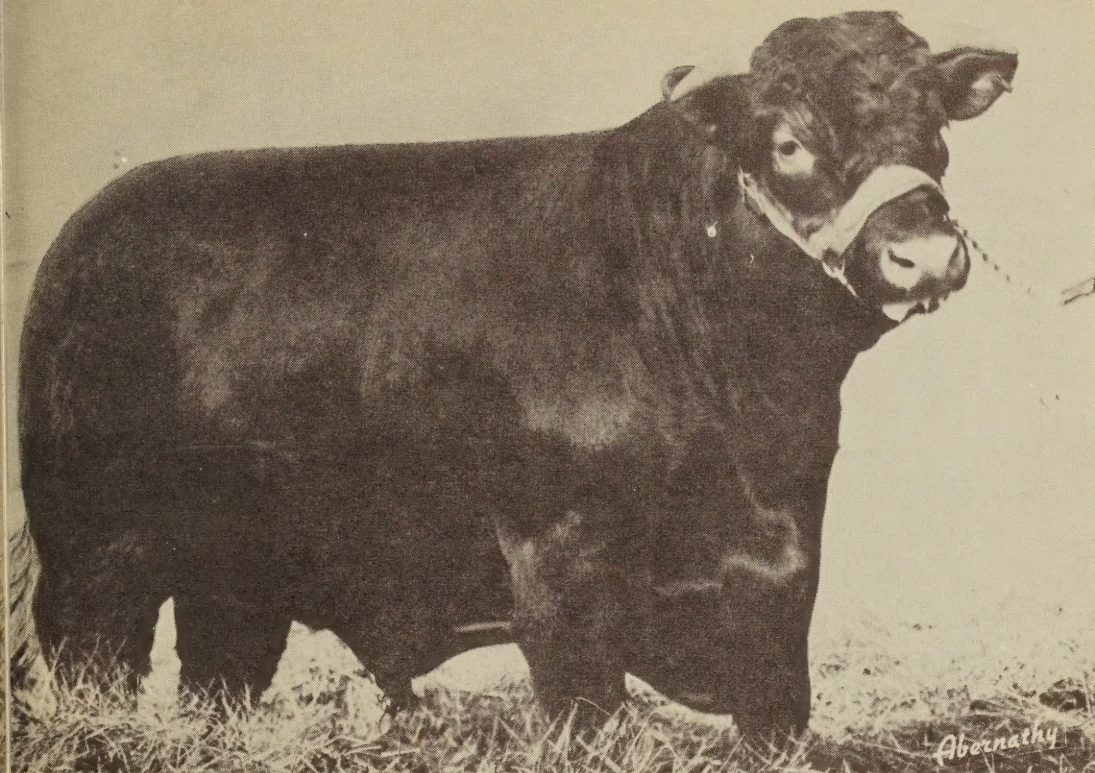

13 BULLS, all sired by Glassel Dura and the best group of bulls we have ever offered. 10 of them are junior and summer yearlings ready for the strongest service. 3 of them are senior bull calves and we believe you will have to drive many miles to find better bulls than a half a dozen or so you will find in this group. They are out of dams by Edellyn Campeon Mercury, Uppermills Sentinel, Supreme Goldfinder, Millhills Jasper and Miles of View Prince.

40 FEMALES, including 14 outstanding yearling heifers purchased from Tomson Bros., Wakarusa, Kansas, and all sired by Mercury's Archer, the 1948 Kansas champion bull and by Edellyn Minion Mercury by Calrossie Mercury. Also, 7 choice heifers purchased from Gustafson Bros., Osage City, Kansas, and daughters of Royal Baronet, Royal Pilot and Elkhorn Hero. These have all been bred to Glassel Dura or one of his top sons. There will be 12 cows nearly all with calves at foot by Mercury Rolox or Glassel Dura. Also, several young daughters of Glassel Dura mated to Moy Bounty. Everything sells T. B. and Bangs tested and in production as there is only one open heifer.

We extend a hearty invitation to all of our friends and fellow breeders and lovers of good cattle to be with us on September 28th.

M. R. HARTLEY and R. F. HARTLEY, owners

Baxter Springs, Kansas

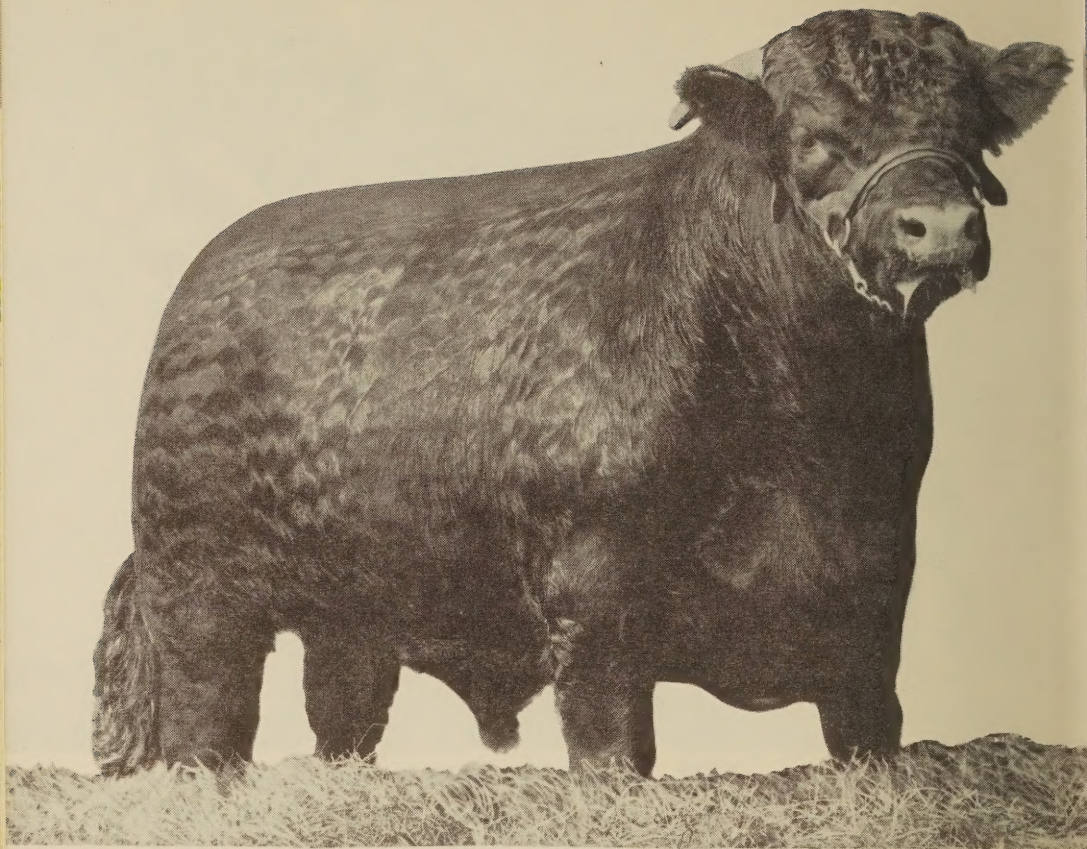

IMP. GLASSEL DURA

In the 1948 North Chicago Breeders Sale in June, F. W. Harding sold three heifers mated to GLASSEL DURA for a \$2400.00 per head average. W. H. Kilcawley, Canfield, Ohio, paid \$3100 for Corrimony Sweet Ivy; Stanley Harris, Kenosha, Wisconsin paid \$2600 for Pit-todrie Blossom Eve and Arnold Bros., Sterling, Illinois, paid \$1500 for Nonpareil Ursula. These included the two tops of the sale, a splendid recommendation for Glassel Dura, whose half-brothers have been selling and showing well in recent Scottish Sales.

There will be 13 outstanding bulls and 3 daughters by Glassel Dura in this sale. Over 25 females will either have calves at foot by him or be mated to him. His Get uniformly have a lot of scale, substance, smoothness and good doing ability.

September 28, 1951

MOY BOUNTY

To find a bull to use on the daughters of Glassel Dura was not an easy task. We do feel, however, we have the right individual with the right background when we recently acquired Moy Bounty from L. E. Mathers & Son, Mason City, Illinois. He was imported by the Mathers earlier this year and we consider him easily the top individual of their entire importation and we saw them all when they arrived at Leveldale Farms the middle of June. Moy Bounty was calved November 30, 1949. He is the son of Crichton Air Marshall, sire of the champion female at the Perth shows in 1949 and 1950. His dam, Broompark Beauty is by Uppermill Augustus. He has a breeding bulls head, is smooth and we do not think we are sticking our neck out a bit when we say he is the heaviest boned bull in the country today. He is extremely short legged, with a full bulging quarter. We are mighty anxious for all of our friends to see this bull and we are offering several females in this sale mated to him.

Snapshot of MERCURY'S ARCHER taken this Spring

The above snapshot shows the ruggedness, thickness and heavy quarter of Mercury's Archer, the 1948 Kansas State Sale champion bull bred by Wm. Thorne and sired by Sni-A-Bar Random Mercury. The next 12 lots are all daughters of Mercury's Archer, you will like their uniformity and depth of body and close coupling.

HARTLEY FARMS DURA

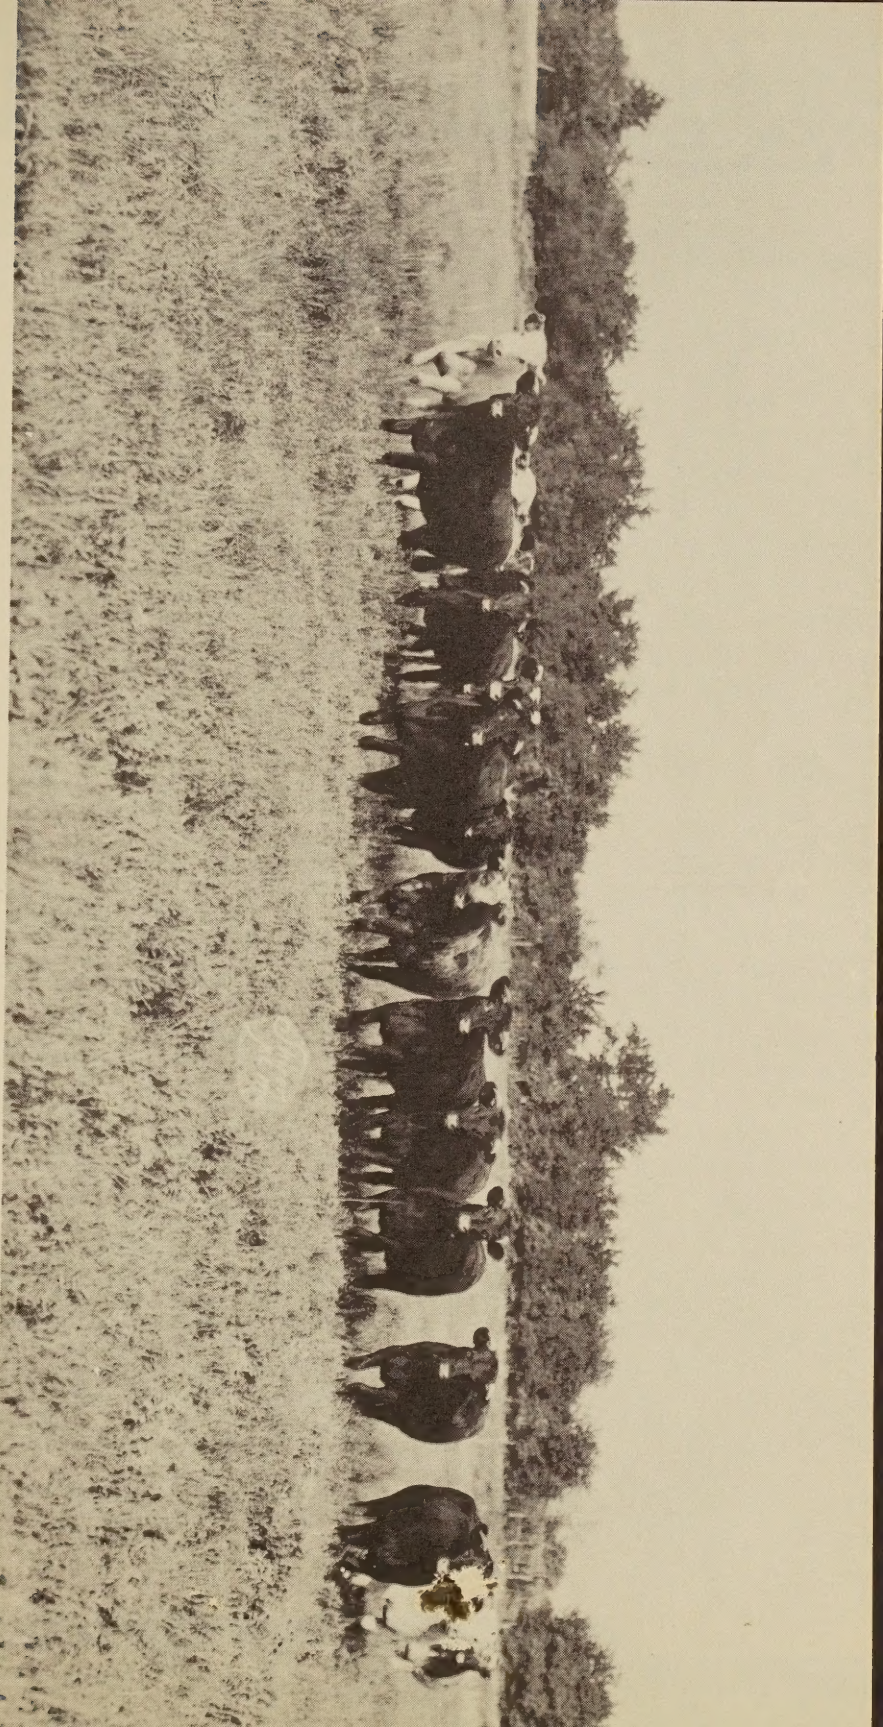

Here is the first son of Glassel Dura that we sold at three and a half months of age to S. O. Harris, St. Louis, Oklahoma. He has developed into a wonderful bull. The full brother to Hartley Farms Dura sells as Lot No. 2 in this sale.

A STATEMENT FROM MERV AEGERTER

There is little doubt but R.F. and M.R. Hartley are producing calves with about as much ruggedness and substance as anyone these days in those that are sired by Glassel Dura and this bull has certainly done a great job for them in the improvement of all around type and quality. To use such an outstanding bull is certainly an inspiration and for quite some time they have been looking for the right bull to follow on his daughters. They were very exacting but they knew what they wanted and it looks like they have found it in their recently acquired herd sire Moy Bounty. Frankly, I don't know of a senior yearling bull with heavier bone or more substance in the business today. If he breeds as well as Glassel Dura I know the Hartley's will be happy and from his individuality and good breeding it looks like he should do that.

If you are one who is seeking a little extra substance and scale in your Shorthorns you will do well to keep this offering in mind and better yet plan to be at Hartley Farms on September 28th.

Merv Aegerter, Sale Manager

A group of sale heifers on pasture, the photo taken in July. These are all bred to Glassel Dura and Moy Bounty and will not be highly fitted on sale day but will be handled to assure qualified production in the new owners hands.
